

Guidelines for the Off Leash Dog Parks

- Maximum of 2 dogs per adult (2 hands = 2 dogs).
- Current license tag must be visible on collar.
- Off leash in fenced area ONLY. Dogs must be on a leash between the car and the fenced area.
- Handler must maintain control over dogs at all times and immediately separate dogs displaying threatening behavior. No mounting. Protect your dog, prevent negative behavior.
- Aggressive dogs must be immediately removed from the park in order to ensure the safety of your dog and others.
- Do not leave dogs unattended.
- Fill holes and stop dogs from digging.
- Clean up after dogs and dispose of waste in appropriate container immediately. It is healthier for everyone. Pay particular attention during the first five minutes of your visit.
- Unacceptable behavior including bites to people or dogs, must be reported immediately to Park Police at 973.326.7654.
- No food for dogs or people in off leash area. Use caution with toys.
- Keep entry gate closed at all times — only one dog in entry area at a time. Unleash your dog as soon as you enter the gate. Leash him in the gate area as well, not in the dog park.
- Not recommended for dogs under 6 months, as all vaccinations are required. Puppies may be unprepared for boisterous play of bigger dogs.
- No dogs in heat allowed. If your dog has been in heat, please bathe it before using the area.
- All Morris County Park Commission rules and regulations as posted in the directory, as well as municipal ordinances and state laws, shall apply.
- Children under 12 are not permitted. Not all dogs welcome a child's attention. Running can encourage a dog's herding instincts. Keep your child safe and out of the dog park.
