Morris County Park Commission

Name:

2020/21 Deer Management Program

Deer Harvest Information Tracking Form

You must complete this form for each deer you harvest on MCPC property throughout the season. You will still be required to complete and submit your end of season survey forms which will be mailed to you in January.

An antlerless deer is defined as any deer that does not have an antler length measuring at least 3 inches. This includes adult male deer that have shed their antlers, button bucks and adult males with antlers less than 3 inches.

An antlered deer is defined as any deer with at least one antler measuring at least 3 inches in length. This includes adult male deer with broken antlers.

Date of Harvest	Park	NJDFW Confirmation Number	Weapon Used (check one)					Antlerless				Antlered		
			Bow			Firearm								
			Crossbow	Compound Bow	Other Bow	Shotgun	Muzzleloader	Female	Male with antlers < 3 inches	Button Buck	Shed	Male	# Antler Points	Broken
