

LISA BLUE

COACHING SPECIALTY/PHILOSOPHY

I enjoy teaching all levels from the first steps to advanced skating levels. Specializing in Free Skate and Moves in the Field. I want to see every skater reach their maximum potential and have fun while they are doing it!

I believe in teaching the correct technique in basic skills and learning the fundamentals of skill development early to build a strong foundation to become an all-around skater. I also teach program components as well as specialize in leveled steps and spins.
